

2000W 50-220V 25A AC Motor Speed Controller Adjustable Voltage Regulator

Features:

100% brand new and high quality

Input supply voltage: 110V ~ 250V AC

The output voltage:50V-250V (Output voltage \leq Input supply voltage)

The maximum output power: 2000W

The maximum output current :25A

The voltage regulating range:50V-250V AC (Output voltage \leq Input supply voltage)

The operation environment temperature:-20??-40??

Dimension: Approx. 47*35*27mm

Package Included:

1x 50-220V 25A AC Motor Speed Controller
